NEXT GENERATION LEADERSHIP COACHING

## NEXT GENERATION COACHING

A new approach to help middle managers and VPs master the skills and mind-set they need to succeed in today's cross-generational work environment. Next Generation Coaching provides the business results today's lean global businesses are looking for.

### **PRODUCTIVITY** DRIVE REVENUE FASTER

Focused on getting the best performance out of your team? Help employees do more with less by tapping into what matters most to create a more productive and profitable work environment.

### **INNOVATION** INSPIRED, NEW IDEAS

Whether it's a new product or a new way of problem solving, discover how employees can leverage influence to move projects forward and manage change more effectively.

### **ENGAGEMENT** RETAIN EMPLOYEES LONGER

Retention improves when employees increase their leadership competencies. Employees become more engaged, committed, dedicated and motivated to make the organization a success.

## GET BETTER RESULTS FROM YOUR TEAM

Customized solutions and programs are available to help your next generation employees become leaders that take the organization to the next level:

**Hi-Po (High Performers):** Succession planning and business productivity to help retain, inspire and engage your top performers.

**First 90 Days:** Designed for new hires or newly promoted managerial or above employees to quickly establish and take action towards achieving goals, improve productivity, focus and motivation.

**Offsite/Seminars:** Address topics on specific areas such as (but not limited to) creating a productive multigenerational workforce, managing up (followership), effective teams, conversational intelligence, building influence and rapport, and the 7 levels of effective leadership.

**"Management is defined by responsibility,  
but it's done by exerting influence."**
